## STEEL TUBING - MECHANICAL & STRUCTURAL

At Scout Metals, we supply a diverse range of industry-leading products. From Mechanical Tubing to Extruded Aluminum, and most metal things in between, we offer one-stop solutions. Our Sales Professionals pride themselves on excellent service ranging from understanding customer needs, detailed communication, to attentive service after the sale.

### MECHANICAL TUBING

#### ASTM A513 T1 & T2

- HF Welded
- Outside Diameters from .375" to 5.00"
- Squares from .500" to 6.00"
- Rectangles from .500" x 1.00" to 2.00" x 4.00"
- Gauges ranging from .035" to .200"
- Materials including HRBLK, HRPO, and CR
- Grades ranging from Commercial to AHSS

### STRUCTURAL

#### ASTM A500 B/C

- Rounds from 1.660" to 6.625"
- Squares from .500" to 5.00"
- Rectangles from .50" x 1.00" to 2.00" x 5.00"
- Gauges ranging from .065" to .188"
- Materials including HRBLK and HRPO
- Grades A500 B/C
- US M&M

### GALVANIZED TUBING

#### ASTM A787

- Outside Diameters from 1.660" to 5.00"
- Squares from 1.25" to 4.00"
- Rectangles from 1.00" x 2.00" to 2.00" x 6.00"
- Gauges ranging from .065" to .188"
- Coating Weights from G-40 to G-120
- Grades ranging from commercial to AHSS
- State-of-the-art UV Coating system

### ALUMINIZED MECHANICAL

#### ASTM A787

- .750" to 6.00" Outside Diameter
- Gauges ranging from .035" to .120"
- Grades from EDDS to HSLA

## SPECIALTY TUBING

We offer way more than "standard" tubing. As a benefit to our customers, we've added a diverse portfolio of niche products to our lineup - all of which come from industry leading mills! From Stainless to DOM, and aluminum to conduit, we have you covered.

### STAINLESS ASTM A554 & ASTM A269/249

- Rounds from .625" to 6.00"
- Squares from .750" to 4.00"
- Rectangles up to 2.00" x 4.00"
- Gauges ranging from .035" to .188"
- Alloys including 409, 304L, 316L, 201
- Polishing: 100 Grit to Marine Polish

### EXTRUDED ALUMINUM PIPE, TUBING AND PROFILES

- Up to 12"Round
- Custom profiles available
- 6063, 6061, 6005A, and 6101 series alloys
- Custom finishes
- Anodizing
- Powder Coating

### BOILER TUBES

- ASTM A53
- ASTM214

### HYDRAULIC TUBING

- SAE J525
- ASTM A-214 (Except Average Wall)
- ASME SA-214 (Except Average Wall)
- EN 102043.1.B
- SAE J524
- SAE J356

### COLD DRAWN SEAMLESS

- ASTM A519
- Grades 1020, 1026, ST52.3

### HEAT EXCHANGER TUBES

- ASTM A214
- ASTM178

## FLAT & FABRICATION

We offer competitively priced flat products. Coupled with many different fabrication capabilities, we can supply your next fabrication project.

### FLAT PRODUCTS

- HR, CR, Galvanized, Galvannealed, and more
- Gauges ranging from .039" to .625"
- Processes
  - Stretcher Leveling and Cut-To-Length
  - Slitting
  - Pickling
  - Blanking

### CNC MACHINING AND COLD HEADING

- 5 Axis Capabilities
- Lathe
- Wire EDM
- Materials including carbon steel, aluminum, stainless, brass, and more
- Swiss-style CNC – Citizen, Tsugami, and Star machines
- Cold-formed Products – Screws, Rivets, bushings, double-end studs, ball studs

### ROLL-FORMING

- Roll-form equipment lines from 1 1/2" to 3 1/2"
- Material up to 30 inches wide and 4 inches deep
- Material Lengths up to 45 feet

### STAMPING

- High-speed stampings – up to 200 strokes per minute
- Press sizes from 60 ton to 800 ton
- Material thicknesses ranging from .008 to .312 inches
- Bed-size up to 60" wide by 168" long
- Reel-to-Reel Stampings
- In-die tapping

### VALUE ADD PROCESSES

- Welding
- Bending
- Powder Coating
- Wet Painting
- Coating
- Assembly

### LASER CUTTING

- Flat
  - Thickness up to 1.5"
  - Materials including carbon, stainless, brass, aluminum, and copper

## FABRICATED TUBULAR COMPONENTS

As an added benefit to our tubing customers, we have partnered with industry leading tube fabricators. From tight radius bends to laser cut tubing, we have you covered.

### BENT TUBING

- Materials ranging from coated carbon to Stainless Steel
- From  $\frac{1}{4}$ " to 5"
- CNC
- Rotary Mandrel
- Compression
- Roll Bending
- In-house Tool Design
- In-house Tool Making

### LASER CUTTING

- Tubing
  - .500" to 6.00"
  - Up to 16.5 LB./FT.
  - Materials including carbon, stainless, and aluminum

### VALUE ADD PROCESSES

- Endforming
- Laser Processing
- Threading
- Pressure Testing
- Kitting and Assembly
- Chrome Plating and Polishing
- Powder Coating
- E-Coating

## METAL BUILDING COMPONENTS

We are proud to offer a comprehensive line of metal building components and accessories to support our valued metal building customers. From straight tubing to robotically welded based rails, from Painted Coil to Anchors, we have you covered.

### GALVANIZED TUBING

- Proudly manufactured in Decatur, AL
- 2SQ, 2.25SQ, 2.5SQ
- 1.75 x 2.75 RECT, 2x3 RECT
- 16 gauge through 12 gauge
- Lengths from 5' to 33'
- Acrylic and UV coated

### BASE RAILS

- Robotically Welded
- 10' to 25'
- 2 Nipple to 6 Nipple
- Nipples up to 12"

### PAINTED COIL

- 29ga
- 20-year paint
- Wide selection of colors
- in stock!

### BRACING AND ANCHORS

- Concrete Anchors
- Asphalt Anchors
- Mobile Home Anchors
